KNOCKED DOWN SPINE INJURED

Young Man Severely, if Not
Fatally, Injured During
Wind Storm

BIG DOOR FALLS ON HIM

Precipitating Him to the Side-
walk, His Back Striking the
Curb

While walking east on First street this afternoon about 1:30 o'clock, on his way to the Rush Auto company, where he was having his machine overhauled, Fred Newman, a young man living at Raleigh, was struck by one of the large doors on the Pinnell-Tompkins lumber ware houses, and severely if not fatally injured.

The door was one of those large sliding affairs and the strong wind blew it over its carriage, striking the young man with a mighty force and knocking him to the pavement. He fell with his back across the curbing with the heavy door on him.

Newman cried out for assistance and it was several minutes before any one reached his side, as the wind was playing havoc with everything loose and making a loud roar. He was carried into the office and Dr. F. H. Green summoned. As soon as the physician saw that the unfortunate fellow was probably in a serious condition he had him removed to his office.

An examination disclosed the fact that Newman had suffered a severe injury to his spine, which may prove of a permanent nature. At this time it is difficult to ascertain the extent of his injuries.

Newman had a very weak spine, having injured it several years ago when a threshing machine outfit went through a bridge with him, burying him underneath.

THINKS WATSON AND THOMPSON GOOD PAIR

Columbus Republican so Ex-
presses His Opinion in
Indianapolis Star

A Columbus writer in the people's column of the Sunday Star says: There are times when people call for leaders, when the office sees the man. This is true with Watson, Roosevelt and with Col. Thompson. We want a strong man as a running mate to Watson, who will be nominated, and that man is Col. Thompson. With Watson and Thompson as leaders of our party, the grand old party will carry Indiana by the largest majority ever given a candidate. These two are a combination that can not be beaten. Let the slogan of all Republicans that desire their ticket to win be Watson and Thompson—men that are self-made, men that know what labor is and who appreciate the condition labor exists under; men that are for all, and partial to none. Such men as these are James E. Watson and Col. R. S. Thompson.

MILROY WAS DEFEATED BY MOSCOWITES SUNDAY

The Milroy team crossed bats with its old rival, the Moscow team Sunday in a spirited game which was won by Moscow in a score of 11 to 8. Moscow got 17 hits, and while the Milroy boys were content with 6. The batteries for Milroy were McElroy, Spacey and Richey and Moscow's battery were Bennett and Honey.

DID ANYONE SEE ANYTHING OF A LIFTED LID HERE?

"The lid must be on good and tight when the man with a thirst must enter saloons during forbidden hours and burglarize it to get a drink here in Connersville. Things are more convenient over at Rushville, it is said." Connersville News.—Since when? Speaking knowingly or just chancing your wing? The grand jury will get you if you don't watch out.

A GREAT SERIES OF MEETINGS CLOSED

Center Township Christian
Church Reaped Harvest of
Souls in Revival

The Center Christian church in Center township, north of this city, closed last Sunday, a most victorious two weeks series of meetings, with twenty-two additions to the church.

The beautiful and impressive sight of nineteen persons being baptized in God's great out-of-doors was witnessed by about a thousand people in the afternoon. One hundred and thirty-six were in attendance at the morning Bible school.

This special series of meetings were conducted by Rev. Hawthorne, and the goodly people of Center township were zealous in helping him in these meetings which have made an impression in that community for good, which will last throughout eternity.

DAVID OSBORN WAS IMPROVED TODAY

Though Thought to be Dying for
a Time Yesterday—Mur-
phy Worse

David Osborn, the aged man who with Jesse Murphy was severely injured in an accident near Glenwood, Saturday, is much better today, and it now looks as though his complete recovery would be speedy, though yesterday his condition was very serious and friends feared, for a time, that the end was near. Mr. Murphy is not getting along so well.

Shelbyville News: A. L. Gary, ex-county superintendent of Rush county, and for many years president of the Indiana Young People's Reading Circle, spent Sunday in Shelbyville, the guest of his sister, Mrs. Major Wilson. Mr. Gary is now a prospering lawyer in Rushville.

WATSON CLUB A BIG SUCCESS

Large and Enthusiastic Crowd
Greets the Gubernatorial
Candidate Last Night.

MANY EXPRESSIONS GIVEN

By Prominent Local Citizens and
Distinguished Guests From
Over the District

An enthusiastic meeting was held at the assembly room of the court house last evening, when the voters of Rush county assembled to organize a "Watson Club," and congratulate our illustrious Congressman and fellow townsman, James E. Watson on the step he had taken, which bids fair to lead him to higher heights of usefulness and activity.

At the appointed hour for the meeting the large assembly room was taxed to its utmost capacity and men were standing in the hallway eager to hear and see what was going on inside. Not only was Rush county represented, but Fayette, Henry and Hancock county sent men who wanted to see Mr. Watson the next governor of Indiana.

Charles Frazee, county chairman, called the meeting to order and A. L. Gary was elected permanent chairman by common consent, and Sheriff Will King was appointed secretary. Many prominent citizens voiced their sentiments in keeping with the enthusiasm of the meeting.

Mayor Cowing was the first to express his views and spoke briefly in highest terms of Congressman Watson and expressed his great desire that the distinguished statesman should be the next Governor of Indiana.

George W. Young said: "I am in favor of Jim Watson, not only on nomination day and election day, but I am for him every day. I am also for Frank J. Hall for Lieutenant Governor, because he is a Rush county man."

J. Q. Thomas—"We have several candidates in the field, one is a jurist, one is a great church man, one is a great commoner, but we can't elect all of them to get these characteristics, and let's select Jim Watson, who has all of these centered in him."

W. A. Allen—"It is the pride of my life to take our brother Jim, who came to us a mere boy and grew up among us, to take my friend Jim by the hand and wish him Godspeed to the governor's chair, and I will do my utmost to place him there."

Fred Capp—"I am not a speech maker, but I am heartily in sympathy with this movement to boost James E. Watson for governor."

Judge Will Sparks—"I am for Jim Watson for governor, for Rushville and for Rush county as against the world. We all have our faults but Jim has as few as any man on earth."

Let us work for him regardless of politics for he is going to be elected, and he who don't vote for him will be a sorry lot."

John F. Moses—"Congressman Watson has made our city and county favorably known all over this country."

In Congress he has grown to be a national character and has not only been an inspiration to Rushville young men but to the young men of the State and nation and we owe much to him for this alone and as the governorship it is all summed up in two words from the mouth of a Democrat a few days ago, "He's fit."

T. A. Coleman—"I don't know how to make a political speech, but I do know how to vote and I expect to vote for James E. Watson for governor of our great State of Indiana."

Charles B. Riley, secretary Indiana Railroad Commission—"Never has there come to Rush county a greater opportunity than now to stand loyally by a fellow citizen. There is no other such a commoner or statesman today in our great State as James E. Watson, and there are many Democrats who will help us elect him."

F. A. Barrows, mayor of Connersville—"It is much to Mr. Watson's credit to see his fellow townsman,

men who would know, if anyone did, his faults and frailties, band themselves together as you have tonight for his nomination and election. Connersville and Fayette county will touch elbows with you and will place him in the highest office in the State of Indiana."

Hon. W. A. Hough, of Hancock county—"James E. Watson, the peerless citizen and matchless statesman, is not your Jim alone, but he is 'Our Jim' also and Hancock county tonight reaches across the line and wishes with the citizens of Rush county, Godspeed to our illustrious congressman for the governor's chair and from there to the United States senate."

Attorney E. J. Binford, of Greenfield—"Hancock county will furnish you forty of the best political workers in the State to nominate and elect James E. Watson of the governorship of Indiana."

A. E. Martin—"I am proud to be a citizen of Rush county, and a fellow citizen of James E. Watson. He is a great man, a genial, whole soul fellow and is such a man as should fill the governor's chair of Indiana."

Congressman Watson was then called forward and with his countenance beaming with emotions he said in part: "Mr. chairman and my fellow citizens: I am profoundly grateful for this manifestation of your approval. In my career it has been my pleasure to share some political triumphs, but I assure you that none has ever so touched my heart as your appreciation of me tonight. I have always found it a fact that whether I have been successful or have gone down in the storm of defeat I have always had the untiring support of the citizens of Rushville, and this is to me more than anything else. Public life is peculiar in that it exemplifies the fact that we get what we are looking for. Friends look in a man's life for his good points, but his political opponents look for his faults, his frailties and his mistakes. The real man is rarely ever known, but my home people who know me in my home, with my children at my fireside, in my office, in the store and on the street, they know me better than any others can know me, and therefore this meeting touches me more than I can express. I came to Rushville an unknown boy, and since then I have tasted the bitter as well as the sweet, but you have always stood by me and I have tried to serve you well in congress to put this district on the map I have had to fight out my battles among that body which knows no mercy and I never have achieved a victory but what my first thought was of my friends in the Sixth district, the people who helped me to that position. I am now whip of the House, which position thrusts great responsibilities upon me. I stand closer to Joe Cannon than anyone else as you all know, but I have abandoned these for greater usefulness and whatever I do or whatever I achieve, I will come back to Rushville and settle down and show to you that I am under a debt of obligation I can never repay."

The city is enjoined until Thursday and it is likely that a suit will be brought on that day. The fence will probably be removed Thursday and the improvements on Arthur street will go on as usual.

The money has been tendered to the railroad company and City Attorney Young said this afternoon that it is the company's next move now and it is up to them to accept or reject the offer for damages. If the railroad company does not accept the assessed damages, the case will be appealed.

H. & D. HAS ENJOINED CITY

Case Filed in Rush Circuit
Court by Railroad Com-
pany's Attorney

FENCE MAY BE TORN DOWN

City Council Assessed Railroad
Damage Company's at Two
Hundred Dollars

The C. H. & D. railroad company have filed suit for injunction and damages in the Rush circuit court against the city of Rushville, alleging that the city authorities tore down a fence erected by the company without advertising or passing a resolution and that the city is trying to confiscate the railroad company's property without due process of law.

The company refers in this complaint to the fence built across Arthur street about four weeks ago, which Mayor Cowing had torn down. The second fence was built yesterday morning across this same street, but was not molested as the C. H. & D. company had enjoined the city from tearing it down. Yesterday afternoon the city council and city attorney went to the scene of controversy and assessed the damages done to the company at \$200.

The money has been tendered to the railroad company and City Attorney Young said this afternoon that it is the company's next move now and it is up to them to accept or reject the offer for damages. If the railroad company does not accept the assessed damages, the case will be appealed.

HORSELESS BUGGY TOOK ON LIFE DURING THE WIND

Shot Yesterday

William Kepple, aged 50 years, a well known farmer residing just west of Manilla, suffered a severe injury yesterday morning at his home. He was accidentally shot by a revolver held by his wife's sister. The two had gone out in the yard for practice at target shooting about 6 o'clock. His sister-in-law had the gun, a 32 caliber one, when he reached for it to make the next shot. As he did so the gun was discharged and the ball passed through the fleshy part of his left arm just below the shoulder and then lodged under the shoulder blade.

MONUMENT FOR P. A. HACKLEMAN

Former Rush County Man
Writes That Rush County
Should Build One.

STATE WOULD CONTRIBUTE

For Such a Move Would Strike
a Popular Chord Through-
out Indiana

The following communication was received from Benjamin F. Havens, of Birmingham, Ala., formerly of Terre Haute, Ind. Mr. Havens is well known in this county, being related to the Havens family here. He writes:

Editor Rushville Republican:
"I see by my home (Terre Haute) paper that there is a movement on foot looking to the placing of a monument over the grave of General Pleasant A. Hackleman at Rushville, who was killed at Iuka, Mississippi in 1863.

"I have often wondered that the good people of old Rush had so long neglected this honor to her most distinguished citizen. 'My early recollection of Rushville brings to my mind early boyhood days. I always had a fondness for the court house, to hear the lawyers in cases. Hon. John L. Robinson as a Democrat and General Hackleman were the two great central figures that I loved to hear. The general was a Whig of the strongest type. The Connersville bar would send over to Rushville Lot and another man whose name escapes my memory, and when all were in court on opposing sides, it was a battle of giants.

"I recall General Hackleman as a man of commanding presence, quiet, sedate, but when aroused, a lion among men. His square cut mouth, his positive jaw, his strong face and manly bearing I carry in memory yet. I thought Robinson the keenest and sharpest debater, but Hackleman like Morton was a sledge hammer in argument.

"To me he was more like Lincoln than any man we ever had in Indiana. He was not and never would have been an imitator of Lincoln, as some of Indiana's pretended statesmen, men who go so far as to have their friends know and circulate the idea that they are posing in Lincoln's shadow. (Shades of the immortal be profaned in such a manner!)

"Had General Hackleman lived, coming out of the Civil war, he would have been along side of Grant, Sheridan, Sherman, Thomas and the rest of the great host of illustrious warriors.

"Had he lived he might have long since been President of the United States. As he died in his country's cause, his name will always add luster to Indiana's sons, and Rush county will not only honor General Hackleman, but honor herself in erecting a monument to her great soldier citizen."

PRICE OF EGGS WILL SOAR AND HOUSEWIFE IS "SORE"

Local grocers predict that the price of eggs will advance to 30 cents a dozen before many weeks. From the view point there is a scarcity of hen fruit and they say that they would be much higher now but for the fact that many cold storage eggs are being put on the market.

Eggs at 22 cents a dozen at this season of the year are considered more of a delicacy than necessities of life. Anyhow there will be many families who will get along without them.

POLITICAL COSSIP

The Durbin Gubernatorial Boom is Gathering New Headway.

Indianapolis, Ind., September 24.—The use of the name of Colonel W. T. Durbin of Anderson as a prospective candidate for the Republican nomination for governor was revived today. The colonel was here talking with friends, who intimated that stranger

things than his entrance into the race have happened. They would not say positively that he would become a candidate for a second term, but they were making inquiries that indicated that there may be something doing within a short time. Colonel Durbin met Senator Fremont Goodwine at the Claypool hotel and conferred with him over the political situation. It has been the understanding that Col. Durbin would be the manager of Senator Goodwine's campaign for governor, but nothing was said about it publicly today.

Whether or not the State Federation of Labor will become a political body will be determined within the next two days at the annual convention beginning at Muncie this morning. It is said that President Edgar A. Perkins and his following have made up their minds that it is time for organized labor to exert itself in politics in behalf of its measures and against men who are supposed to be unfriendly to it. On the other hand there is a large, conservative element that is convinced that the federation can accomplish more for its members by keeping out of politics. It is expected that there will be a vigorous clash between these elements. President Perkins and a delegation of Indianapolis union men left here this morning for Muncie. President Gompers of the American Federation of Labor, and President Mitchell of the miners, will attend the convention.

The state meeting of county commissioners began here today. The meetings will be held in the criminal court room, and from all indications the room will be taxed to its utmost capacity to accommodate the sessions, for about 90 per cent of the 276 county commissioners of the state have said they will attend the meeting. The greater part of the two days will be taken up with business meetings, but with the business will be mixed enough "other stuff" to make the commissioners know they have been having a good time in addition to their work. At the first meeting this morning, an address of welcome was made by Mayor Bookwalter. President McGregor made the response for the commissioners, and the principal ad-

PEACE DECLARED OPENED THE BOOKS

Turmoil on the Moroccan Coast Is Now at an End.

Minutes of Stockholders' Meeting Unsealed in Hearing Against Standard.

TRIBESMEN CAPITULATE THE FACTS COMING OUT

Nineteen Caidis Representing the Leading Tribes Among the Hostiles Throw Up the Sponge.

Tribes Engage to Disperse Themselves and Chase All Armed Bodies That May Assemble.

Paris, Sept. 24.—Peace has been declared in Morocco. The delegates of three important tribes have accepted the French peace overtures and will see that the terms of the agreement are carried out. Hostilities are now at an end.

The government last evening received with great satisfaction a dispatch from Rear Admiral Philibert, the commander of the French naval forces in Moroccan waters, saying that as a result of the conference at General Drude's headquarters between the French naval and military commanders and nineteen caids, representing the Oulasseyan, Zenata and Zayida tribes, the three tribes have accepted unconditionally the peace terms offered by France. These are as follows:

Hostilities shall cease at once; General Drude may make military reconnaissances throughout the territory of the three tribes to satisfy himself that the pacification is complete; the tribes engage themselves to disperse and chase all armed bodies that may assemble in their territory with hostile intent; every native found in the possession of arms or munitions of war within ten miles of Casablanca shall be handed over to the sheriffian authorities, condemned to imprisonment and fined \$200; the tribes shall be held responsible for the carrying out of the previous stipulations; every native detected in smuggling or using arms shall be punished; the delegates of the tribes undertake to surrender the authors of the outrages upon Europeans of July 30, and, pending judgment, their goods shall be seized and sold irrespective of the indemnity which is to be paid, the amount of which shall be fixed by the Moroccan government; the Chaoua tribes shall pay a large indemnity, the part of each tribe to be apportioned according to the length of time it resisted the French. In addition, the Chaoua tribes shall pay a contribution toward the harbor works at Casablanca.

To secure the carrying out of this convention, two notables of each tribe shall be given up as hostages. The delegates of the Oulasseyan, Zenata and Zayida immediately named their hostages, and signed the capitulation.

KURTZ ON TRIAL

Former Prosecutor of St. Joe County May Be Disbarred.

South Bend, Ind., Sept. 24.—The attention of the St. Joseph county bar and of attorneys all over the state is centered in disbarment proceedings against former St. Joe County Attorney Geo. A. Kurtz, which have opened in the circuit court before Special Judge Lon Vail of Goshen, Ind. A special venire of thirty jurors was called. The case is one of few in the state, and is the first of its kind in St. Joseph county. Attorneys on both sides have spent months in making preparations, and the legal battle will be bitterly fought on both sides.

Kurtz was elected prosecutor in the fall of 1904, and served one two-year term, going out of office the first day of last January. He succeeded in office George E. Clarke, and inherited from his predecessor, the famous "Red" Austin case, the dismissal of which by Kurtz, just before his term expired, gave rise to a wave of feeling which resulted in a petition for an investigating committee, the report of which caused Judge Funk of the circuit court to appoint a committee to file and prosecute the charges. Those pressing the charges intimate that if a verdict against the defendant is obtained criminal action is likely to follow.

HORSEMAN SUES FOR \$24,550.
Says Three Animals Were Injured in Transit on Big Four.
Danville, Ill., Sept. 24.—William V. Conran, a St. Louis racehorse man, has filed suit against the Big Four railroad, alleging that three horses, which he shipped from the Lintonia track Sept. 15, were so badly injured worth \$25,000, they are now valued at more than \$150 each. He asks damages in the sum of \$24,550. Conran alleges that the railroad company allowed the horses to go without feed for forty-eight hours at the time and that the car in which the horses were shipped was roughly handled. The horses are fugitives, Our Joe and Jovial.

Fight Against Noise.
Officials of the Big Four railroad have told Alderman Swanson, who is making a fight against unnecessary noises, such as the prolonged whistling of locomotives, to cause the arrest of any of its engineers who toot their whistles unnecessarily. Alderman Swanson said in an interview that he could easily win his fight for the abolition of unnecessary noise if Chief of Police Späthaler would make a few arrests, but that Späthaler would not give him the necessary assistance.

Caught in Burning Home.
Oakland City, Ind., Sept. 24.—The home of James Dossett, near this place, was burned to the ground and Dossett's two-months-old child perished in the flames. Dossett and his wife were carried from the house badly burned and died later. The three will be buried in one grave.

Two Trackwalkers Killed.
Cincinnati, Sept. 24.—The bodies of Harry Helman and Adolph Klessman, both of this city, were found lying alongside the Baltimore & Ohio Southwestern railroad tracks near Anderson Ferry. Both bodies were mangled. It is believed the men were struck by a train while walking the track.

Bank Robbery Frustrated.
Carmi, Ill., Sept. 24.—An attempt was made by burglars to rob the safe of the State Bank at Carmi City, but they were frightened away without realizing anything from the venture, making good their escape.

Olson and his wife were burned in an explosion of wood alcohol. Mrs. Olson died.

Improved Armament.
London, Sept. 24.—The admiralty has decided, it is said, that all the vessels of the Dreadnought class now building shall be armed with eight new type 13.5 guns, so disposed that they all can be fired on either broadside. The new weapon will be over fifty feet long and a shell from it, it is calculated, will pierce twenty-inch Krupp steel armor at a range of 8,000 yards.

Fatal Ending of Roadside Fight.
Sergeant, Ky., Sept. 24.—At Harlan, on the Letcher-Knox border, Chris Jones and Ben Hall, Jr., on one side, and Jack Hughes and Henry Hughes on the other, members of the Jones-Hughes feud war, fought a duel on the public road in which Jones and Jack Hughes were killed, and Henry Hughes mortally wounded. The feud had been growing for several months.

BODY IDENTIFIED

Important Step in Unraveling Seattle's Trunk Mystery.

Seattle, Wash., Sept. 24.—The police have positively identified the body of the dead woman found stuffed in a trunk cast upon the beach at South Alki Sunday morning as that of Mrs. Agnes Trueman McCombs-Covington, seventeen years old. The woman had been strangled to death.

She was the wife of Frank Covington, for several months employed as salesman by the Disheimer Liquor company of Seattle. Covington is missing and the police are looking for him. Acquaintances say they have not seen him for a week. The body in the trunk had been dead at least a week. It is known that the Covingtons had many quarrels.

Chicago Wheat Market.

Chicago, Sept. 24.—The wheat market was weak all day yesterday. The chief bearish influence at the opening was the large amount of world's shipments during the last week, the total movement being 12,768,000 bushels. This heavy movement caused a sharp break at Liverpool and was also responsible for much of the selling on the local market. Figures on the amount of breadstuffs on ocean passage were also bearish, showing an increase of 1,148,000 bushels. Reports from the Canadian Northwest were more favorable than for several days, a number of advices claiming that injury to the crop has been exaggerated. Weather conditions in Minnesota and the Dakotas were more favorable for threshing, which augmented the bearish sentiment. Throughout the day the principal demand came from shorts and the buying was in insufficient volume to cause any upturn.

OUT OF BUSINESS

Uncle Sam Puts the Kibosh on
Marian Grey's "Affinity
Bureau."

CONTRARY TO THE LAWS

United States Mails Not the Proper
Agency For Transacting Such
Matrimonial Engagements.

While Miss Grey Says She Will Quit
the Affinity Business, She Dis-
plays No Penitence.

Chicago, Sept. 24.—Marian Grey, with her pretty private secretary and her three pretty stenographers, waived examination on the charge of running an "affinity" finding bureau, contrary to the laws. The \$1,000 bill that she produced so mysteriously at her first hearing was accepted again as bond. Inspector Stewart announced that Miss Grey would assure the government that she is penitent and will quit the affinity business if the government will drop the prosecution. But Miss Grey, in court, looked anything but penitent.

The government inspector learned the identity of the mysterious male "cousin" of Marian Grey when they traced the young man to Aurora, where he is known as "Prof." Harry Cresswell, and is engaged in selling magnetic belts. They are now trying to ascertain whether the "professor" is Marian's affinity. She denies she has yet found her soul mate. A report has reached the postoffice inspectors that she was at one time the wife of the son of a millionaire in Detroit.

They believe Miss Grey is the daughter of a couple who were long engaged in the matrimonial agency game and now use their daughter's youth and beauty to obtain immunity from prosecution.

SHILOH VETERANS TO MEET

Survivors of the Battle on Both Sides
Will Face Each Other Again.

Nashville, Tenn., Sept. 24.—A joint blue and gray reunion of the survivors of the battle of Shiloh has been arranged for that historic and one time bloody field. It will be held on April 6 and 7, 1908.

After a lapse of forty-six years, during which time the animosities of that sanguinary conflict have softened and mellowed into friendly, if not fraternal amity, the now remaining veterans will bridge the bloody chasm, shake hands and exchange reminiscences over the happenings of the historic engagement.

The suggestion of this notable undertaking came from the Union survivors, who met in Denver some years ago and perfected a permanent organization, which now has about 1,200 members. With the idea of holding a reunion among themselves was suggested, it occurred to several broad-minded and influential members that it could be more appropriately and significantly celebrated by inviting participation of survivors on both sides. To this end a communication was addressed to Captain Irwin of Savannah, Tenn., a prominent Confederate officer in the engagement, who consulted with other well-known veterans of the gray, with the result that the invitation was accepted.

Nashville's Welcome.

Nashville, Tenn., Sept. 24.—This is "home-coming week" in Nashville and every incoming train is bringing former residents back to "Sunny Tennessee." The city has hung her banners and bunting to the breeze, and at night, in great flaming electric letters, "Welcome," from over shop doors, the tops of buildings and stretched across brilliantly illuminated streets, greets the returning wanderer on every hand. Elaborate preparations for the care and entertainment of the thousands expected have been made. Formal exercises in connection will be conducted each day at the state fair, which will be in progress throughout the week.

Finds Baking in His Holy Book.

Tangier, Sept. 24.—The various European representatives here have received copies of a letter written by Mulai Hafiz, brother of the sultan of Morocco, who is the pretender to the throne, in which he blames the present sultan for the state of "anarchy" existing in Morocco and points that his action in assuming power is supported by the teachings of the Koran. He asks the powers to remain neutral in the contest between the sultan and himself and assures them that Europeans will be protected wherever he has the power to protect them.

Posse in Hot Pursuit.

St. Joseph, Mich., Sept. 24.—A posse headed by Sheriff Lenant and his entire force of deputies is pursuing Max Minnie, who is charged with cutting out the tongues of eight horses. Minnie has twice been sighted by the posse and shot at, but none of the bullets struck him.

The Illinois Delegates.

Springfield, Ill., Sept. 24.—Governor Deneen has appointed Professor J. C. Zollar, of the Illinois Wesleyan university, Bloomington, and Henry Myer, of Ottawa, delegates to the deep waterway convention to be held Oct. 4 and 5 in Memphis, Tenn.

For the Shampoo.—When the hair is coarse and dry it means that the scalp is in an unhealthy condition—that the natural oils, which give it life and feed the hair, are not flowing freely. The scalp must be given good care for its own sake if nothing else. Cut about one-sixth of a cake of Casti Soap into fine shavings; pour over them about a pint of warm water and stir until dissolved; wet the hair and scalp well with this and rub thoroughly with the flat hand or fingers—never scratch, it causes dandruff. Rub for ten minutes then rinse carefully in clear water.

A Casti Soap Shampoo once a week will remove dandruff and surely stop falling hair. Ten cents a cake of all good dealers.

It is reported to be flat broke with pay day (December distribution) some three months away. One good thing about towns of Glenwood's class, usually, is that the officers do not entirely depend on their salaries for a livelihood.

Science Has Now Found the True Way to cure Indigestion

Testimonials could be printed by the thousands, many of them from Rushville and nearby towns, that Hyomei is an absolute cure for all catarrhal troubles, but the best proof of its unusual curative powers is the guarantee that Johnson's Drug Store give with every outfit that they sell, "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is given freely to physicians who want to know what they use when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

By breathing Hyomei, the healing medication goes directly to every nook and corner of the air passages where the catarrhal germs may lurk, and die, infect and heal. To be convinced of this you have only to give it a trial, remembering that if it does not cure, F. B. Johnson's drug store will refund your money.

The complete Hyomei outfit costs but \$1.00, and in most cases is sufficient to cure the disease, making it not only a scientific treatment but one that is highly economical. Get an outfit today from F. B. Johnson's drug store if you have any catarrh.
